

Department of Psychology
St Francis College for Women

Innovations

Creativity Board: The Department introduced the Creativity Board in 1999. Students place inspirational and personal expressions on the board. Apart from exhibiting their creating talent, the board also helps the students as an art therapy. The non-psychology students appreciate the board and its contents as they are of great use to them.

Prayer Time: Students are made to feel the need of God and their dependence of Him. Special Prayers are made for students celebrating their Birthdays, Festivals and for all their special needs, etc.

Book Club: As part of the curriculum, book reviews were introduced to enhance the students' knowledge and their personal growth.

Angel Network: The Network helps to reach out to students and help them with resources- study material or psychological help. It helps build a network of students to increase interdependence.

Counseling and Guidance: The Department provides professional psychological help to all students who need Counseling. It also provides Career Guidance.

Volunteer Work: The students are encouraged to work in Rehabilitation Homes, Hospitals, NGO's, Drug and Alcohol Centers, Juvenile Homes and also learn to share their resources with the unfortunate.

Psycon Club: An active club of the department conducts awareness programs, educational activities. The Club also conducts events the monetary benefits received through these events have always been given to the less fortunate members of the society – children and old people in particular.
